

# Topiary Class Instructions

Wendy Lee (336)-671-1959 [wendy@creativeleeyours.com](mailto:wendy@creativeleeyours.com) [www.creativeleeyours.com](http://www.creativeleeyours.com)

## Supplies:

Floral District Designer Series Paper  
3/8" Stitched Satin Primrose Petals Ribbon  
3/8" Striped Organdy Old Olive Ribbon  
Papillion Potpourri Stamp Set  
Whisper White Cardstock (butterflies)  
Lucky Limeade Cardstock (cut into 1/8" strips)  
Snail Adhesive  
Dimensional Dots

Straight Pins

Styrofoam Ball  
Flower Pot  
Skewer  
Styrofoam (inside pot)  
Hot glue

## Tools:

Bone Folder  
1 1/4" scallop circle punch  
Elegant Butterfly Punch  
Bitty Butterfly Punch

## Instructions:

- Wrap the center of the skewer with the longer piece (20") of the olive striped organdy ribbon, adhering the ribbon ends to the skewer at both ends. Tip: Be sure to leave space at the top and bottom of the skewer to allow the pointed end to be inserted into the Styrofoam ball and the flat end into the flower pot.
- If your flower pot has a hole in the bottom, take a scrap of cardstock and hot glue it to the bottom of the pot.
- Add hot glue to the inside of the pot and add the Styrofoam wedge. Place the skewer through the Styrofoam making sure the end is glue in place.
- Use the 1 ¼" scallop circle punch to punch as many circles as you can out of 3 to 4 sheets of designer series paper. It's ok if the punched shapes are cut off a bit as this will not show when your project is made.
- Crumple the punched paper. Tip: spritzing the paper with water will soften the paper and make it easier to crumple.
- Layer 3 punched scallop circles and attach to Styrofoam ball with straight pins. If you did spritz your paper be sure it is dry before pinning to the ball to prevent the paper from easily tearing. Continue adding the stacked punched layers until the ball is covered, leaving the hole uncovered.
- Place Styrofoam on top of skewer.
- Loop the shorter piece (12") of the olive striped organdy ribbon and secure in place with pins at the base of the ball and skewer.
- Add snail adhesive to the primrose ribbon and wrap around flower pot lip.
- Stamp and punch out 6 large and 6 small butterflies.
  - Adhere 2 butterflies to the flower pot with stampin dimensionals.
  - Use the pearl head pins to place the 10 butterflies on the Styrofoam ball.

- Crumple 1/8" strips of lucky limeade cardstock and place in top of flower pot to cover styrofoam.
