## Peony Fold Out Panel

**A**ll Star July  
2020 Hop

Supplies needed:

- Prized Peony Bundle (English) [154056]
- Whisper White 8-1/2" X 11" Cardstock [100730]
- Blushing Bride 8-1/2" X 11" Cardstock [131198]
- Peony Garden Designer Series Paper [152483]
- Blushing Bride Classic Stampin' Pad [147100]
- Gray Granite Classic Stampin' Pad [147118]
- Gray Granite 1/4" (6.4 Mm) Shimmer Ribbon [152463]
- Elegant Faceted Gems [152464]
- Stitched Shapes Dies [152323]
- Take Your Pick [144107]
- Paper Trimmer [152392]
- Paper Snips [103579]
- Bone Folder [102300]
- Stampin' Seal [152813]
- Multipurpose Liquid Glue [110755]
- Mini Stampin' Dimensionals [144108]

## Project Recipe:

1. Score 11" x 4-1/8" Whisper White cardstock at 1-1/2", 3", 5-1/2" and 8".

Mountain fold along score lines. Tip: run bone folder along folders for a nice crisp crease.

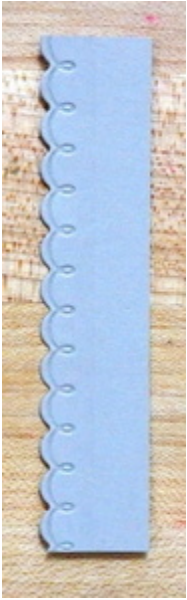

2. Adhere 1-3/8" x 4" DSP to front panel with Stampin' Seal.

Adhere 2-3/8" x 4" DSP to back panel with Stampin' Seal.

3. Stamp image all over 2-1/8" x 4" Whisper White cardstock with Gray Granite ink.

4. Die- cut 1" x 4" Gray Granite strips with Peony Dies.

5. Adhere Gray Granite die cut to back of stamped Whisper White layer with Stampin' Seal.

Adhere to center card panel with Stampin' Seal.

6. Stamp sentiment from Prized Peony stamp set with Gray Granite ink.

7. Fold layer.

Adhere to 3-1/8" x 4-1/4" Blushing Bride cardstock with Stampin' Seal.

8. Stamp image from Prized Peony stamp set on 4-1/4" x 5-1/2" Gray Granite cardstock with Gray Granite ink.

9. Adhere layers to Gray Granite card base with Stampin' Seal.

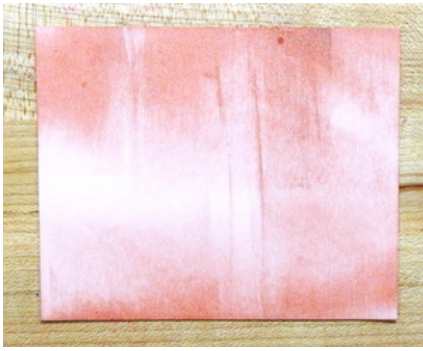

10. Die-cut 2-3/4" x 2-3/4" Whisper White cardstock with 2nd largest circle from Stitched Shapes dies.

Adhere to front panel with Stampin' Seal.

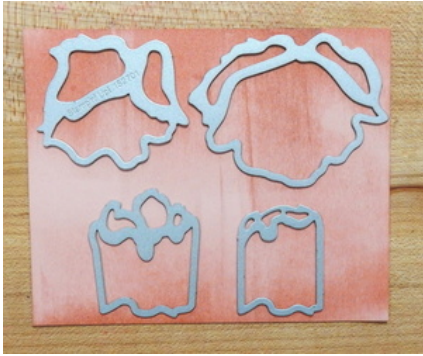

11. Fold approx. 12" ribbon into thirds.

Adhere to card front with Stampin' Seal.

12. Drag Blushing Bride ink pad across 5-1/2" x 4-1/4" Blushing Bride cardstock. This is known as direct ink to paper technique.

13. Die-cut flower petals with Peony Dies.

14. Die cut scrap of Basic Gray cardstock with Peony Dies.

Start from largest to smallest or smallest to largest to build your flower by sliding each of the layers inside each other. Tip: the bottom of each of the flower petals will match up along the bottom edge of the die-cuts.

15. This is what the back of the flower will look like once all the layers are in place.

I used liquid glue to adhere the bottom of each layer together.

16. Slide mini dimensionals between the petal layers as desired to give more depth to the flower. Tip: remove the backing paper from both sides before trying to insert the dimensionals for best results.

17. This is what the front of the completed flower will look like.

18. Adhere flower to card front with dimensionals.

Apply gems to card front.

Hope you enjoy!
